TORONTO BLUE JAYS 1980

SPRING TRAINING The Mattick Era officially began in Dunedin, Florida on February 29th when the pitchers and catchers reported. . .When camp moved into full swing there were 46 players on hand, 36 on the major league roster and 10 non-roster invitees. . .When it was all over the Blue Jays had completed their abbreviated Grapefruit League schedule with a 10-7 record, the first time they had ever been over .500 in pre-season play.

BEGINNINGS The Blue Jays opened on the road for the 3rd straight year and they kept their record intact of never having won a road opener dropping an 8-6 decision in Seattle's Kingdome. . .Following a 4-game series with the Mariners on the coast the Blue Jays returned east to open their home season against the Milwaukee Brewers on Monday, April 14th but the weatherman intervened and for the first time in 4 years the Blue Jays had their home opener rained out. . .When play began the following day, however, Toronto extended their record in home openers to an unblemished 4-0, as they defeated Milwaukee 11-2.

ENDINGS At the other end of the schedule, for the first time in 4 years the Blue Jays ended their season on a winning note, in fact, they took each of their last 3 decisions from the Red Sox at Fenway Park.

ATTENDANCE For the 4th consecutive year the Blue Jays surpassed the million mark as 1,400,327 fans made their way to Exhibition Stadium in 1980 to see the Blue Jays play. . .The 4-year home total for the Blue Jays is an Expansion Record 6,095,615 and that fact was celebrated on Sunday, September 28th when the club gave away 25 brand new cars and 25 colour televisions to the over 30,000 fans in attendance. . .In 1980 more people came to see the Blue Jays play on the road (1,285,409) than ever before including the single largest crowd ever to see the Blue Jays play 61,753 in Cleveland's Municipal Stadium on April 19th. . .The 61,753 represented the 2nd largest crowd in the major leagues this year.

WINS AND LOSSES 1980 was the Blue Jays finest season on the field as they concluded the season with a 67-95 mark. . .The 67 wins was a 14-game improvement over 1979 and was 8 more victories than the team had ever managed before. . .The 1980 season also was the first that the Blue Jays had ever been able to avoid 100 losses. . .**HOME** – The Blue Jays were 35-46 at Exhibition Stadium this past season which was 2 wins shy of their best home record. . .Before the All-Star break at home the Blue Jays were 18-19 and 17-27 afterwards. . .**ROAD** – Toronto's road mark in 1980 was 32-49, 3 victories more than the club had ever managed before. . .On Artificial Turf the Blue Jays were 38-55. . .**VS EAST** – Toronto was 28-50 vs opponents in their own division (H-13-26, A-15-24*). . .**VS WEST** – On the season the Blue Jays were 39-45 vs the A.L. West (H-22-20*, A-17-25*) with those totals being the Blue Jays best ever against the West. . .Undoubtedly, the Blue Jays fared best on Sundays at home where they chalked up an impressive 13-3 mark.

MONTH BY MONTH The Blue Jays were 9-7 in April (the .563 winning percentage was the club's best ever). . .13-14 in May. . .10-17 in June. . .11-17 in July. . .11-20 in August and 13-20 in September/October. . .They were 33-45 at the All-Star break and 34-52 afterwards.

STREAKS The Blue Jays set a club record 6-game win streak in 1980, registering 6 consecutive victories between May 3rd and May 8th – 3 vs Cleveland and 3 vs California. . .The longest slide of the season was 8 games between September 24 and October 3rd – 4 vs Detroit and 4 vs Boston. . .The Blue Jays won 4 or more games in a row on 3 occasions while dropping 4 or more in a row 6 times. . .The club's longest winning streak at home was 3 games while their longest road winning streak was 6 games . . .At home and on the road the most they lost in a row was 6.

COMEBACKS The Blue Jays showed a penchant for late inning heroics in 1980 pushing across winning runs in 19 of their 67 victories in their final at bat. . .Of those last at bat victories 9 of them were in the 9th inning, 5 at home and 4 on the road.

DOUBLEHEADERS The Blue Jays enjoyed their best season ever in double dips, sweeping 5, splitting 4 and losing 1. . .The sweeps were at the expense of Chicago (twice), Milwaukee, Cleveland and Boston while the lone loss came to the A.L. Champion Royals. . .The Blue Jays were 3-2-1 at home in twin bills and 2-2-0 on the road.

OVERTIME The Blue Jays also posted their best season ever in extra-innings winning 10 of the 18 extra inning games in which they played. . .The Blue Jays also played in the longest games in their history in 1980 including a 17-inning affair in Boston on the 2nd last day of the season in which they erased a 5-0 deficit to come back and win 7-6. . .Also included in the Blue Jays extra-inning affairs in 1980 were two suspended games both 15 innings in length. . .Prior to 1980 the Blue Jays had never played in a game longer than 14 innings. . .The 4-hour and 38-minute 17-inning game in Boston on October 4th was the longest game by time in the American League this season.

WEATHER The Blue Jays were rained out 4 times at home in 1980, all of which came before the All-Star break. . .On the road the Blue Jays were rained out on 3 occasions.

INJURIES What started out as a relatively injury free season for the Blue Jays certainly didn't end up that way as by the time the season had ended upwards of 6 regulars had missed 3 or more weeks due to injury. . .BOB BAILOR was hit on the wrist by a pitch in an Exhibition game (Toronto-Syracuse) on June 12th and stayed on the disabled list until July 3rd. . .Centre-fielder RICK BOSETTI was also hit on the arm by a pitch in Texas on June 22nd following which surgery was required to correct the fracture and he was lost to the team for the season. . .BARRY BONNELL also fell prey to a pitched ball, this time in Milwaukee on August 13th and his subsequent broken cheekbone kept him on the disabled list until September 1st. . .ALVIS WOODS suffered torn muscles around his achilles tendon in Milwaukee on August 20th and except for some pinch-hitting duty he only made 1 more appearance in the outfield during the remainder of the 1980 season. . .OTTO VELEZ, in the midst of his best season ever was a passenger in a car crash in which he suffered, among other things, a badly broken cheekbone which kept him out for the remainder of the season. . .ROY HOWELL, JOHN MAYBERRY and DAMASO GARCIA also suffered lingering injuries which kept them out of the lineup for varying lengths of time during the season.

AT THE PLATE As a team the Blue Jays scored more runs than ever before (624). . .There was significantly improved home-run power with 26 more roundtrippers in 1980 than in any previous season. . . Five players (MAYBERRY, VELEZ, WOODS, BONNELL and HOWELL) had 10 or more home runs. . . Increased team speed was exemplified by club record 53 triples, good for 2nd place in the American

League. . .More explosive offense led to the erasure of 5 and 6-run deficits on several occasions. . .Emergence of OTTO VELEZ as one of the league's premier designated hitters.

PINCH-HITTERS The Blue Jays connected for 28 pinch hits in 1980, more than in any previous season and their .280 PH average was 4th best in the American League. . .BOB DAVIS, DOUG AULT and ROY HOWELL all had pinch-hit homers in 1980 while STEVE BRAUN hit .360 as a Toronto pinch-hitter tying the club record for pinch-hits in a season (9).

PITCHING Toronto pitchers also enjoyed their best season ever lowering the team ERA (4.19) over ½ a run (.63) every 9 innings compared to 1979. . .The Club had dual 12-game plus winners for the first time and the team chalked up a new high 9 shutouts. . .April of this season was the best single month ever (3.26 ERA). . .Toronto hurlers gave up fewer home runs (135) in 1980 than in any other previous season.

RELIEVERS The Bullpen was markedly improved in 1980 as they tied the club record for saves at 23 and fell only 3 games under .500 (20-23) in 43 decisions. . .JERRY GARVIN emerged as one of the best southpaw relievers in the American League as he led the team in saves with 8 while posting a 2.29 ERA . . .His 61 appearances were the most ever by a Blue Jays pitcher.

DEFENSE Toronto fielding improved markedly in 1980 as they leaped from 11th to 3rd in the A.L. fielding department. . .The Blue Jays also established a new American League Record for double plays (206) in a 162-game schedule. . .The added strength of outfield arms like BONNELL, MOSEBY and of course BAILOR also kept the opposition to fewer extra-base hits in 1980.

STANDINGS The Blue Jays got off to a fast start in 1980 and after the first month of the season they held a 1-game lead in the American League East. . .It marked the first time since the 1st week of the 1977 season that the Blue Jays had occupied top spot. . .The Blue Jays maintained at least a share of first place until May 10th, the farthest point along in the season that any 4th year expansion team had ever been in that lofty position. . .The Blue Jays were able to stay at .500 or better for the first 60 games of the season. . .They avoided 7th place until June 21st where they remained for the duration of the season finishing 36 games out of 1st place, 9 games closer to the top than ever before in baseball's best division.

ROOKIES DAMASO GARCIA was undoubtedly the Blue Jays best first-year player this season as he assumed the regular 2nd base job hitting .278 with 4 homers and 46 RBI's while establishing a new club rookie mark for doubles with 30. . .LLOYD MOSEBY, who joined the club late in May made his presence felt early in the going as in his first 2 major league games he went 5 for 9 with 2 doubles and a homer off TOMMY JOHN. . .MOSEBY showed marked improvement as the season wore on and despite only playing two-thirds of the season came close to rewriting Blue Jays rookie records for homers and RBI's. . .GARTH IORG also joined the club in late May and was a most welcome addition as he found himself used everywhere but as a catcher and a pitcher appearing in 80 games. . .LUIS LEAL defeated TOMMY JOHN in his major league debut and then after a rough stretch came back to 2 hit the Yankees and TOMMY JOHN in Yankee Stadium. . .KEN SCHROM was a late addition to the bullpen where he showed promise and should be of great value in '81.

NAME THE TEAM CONTEST

The Blue Jays were named in a contest conducted in June and July of 1976. Over 30,000 individual entries were received, suggesting over 4,000 names for the new American League club. From the list of names submitted, specially-appointed panels of judges selected ten names to submit to the Board of Directors. The Directors chose the name "Blue Jays" from that list and announced their decision on August 12th, at which time the team officially became the Toronto Blue Jays Baseball Club.

A total of 154 people submitted the name Blue Jays, and a drawing was held to select a grand prize winner from those who submitted the name. Dr. William Mills of Etobicoke, Ontario, won a pair of season tickets for 1977 and an all-expenses paid trip for himself and his family to watch the Blue Jays at spring training in Dunedin, Florida. Nine runners-up also won season tickets.

BLUE JAYS LOGO

The Blue Jays logo was created by the Toronto design firm of Savage Sloan, Ltd. It depicts a stylized Blue Jay on a red baseball outline incorporating a red maple leaf. The logo features two shades of blue, and red. It was selected to represent three facets of the club's identity: the team name, baseball, and the fact that the team is Canadian.

THE PEARSON CUP

The Pearson Cup Game is an annual exhibition game between the Montreal Expos and the Toronto Blue Jays. This in-season exhibition series is named in honour of the late Prime Minister of Canada and Nobel Peace Prize winner, Lester B. Pearson. The proceeds from the game are donated to amateur baseball in Ontario, Quebec and Canada with the site alternating on a yearly basis between the home parks of the two clubs.

In the inaugural game (1978) the Expos emerged victorious by a 5-4 score in 10 innings.

The 1979 game ended in a 4-4 tie after 10½ innings as the result of a curfew due to Montreal's travel schedule.

Last season the Expos scored a 3-1 victory to take a 2-0-1 lead in the series. This year's game will be held at Exhibition Stadium in Toronto on Monday, July 6th at 6:00 p.m.

Waiver and Draft Prices

Waiver Price is	$20,000
Major League Draft Price is	25,000

FREE AGENT DRAFT RULE: Major league and National Association clubs participate in two meetings a year for the purpose of drafting free agent player talent. Selection of a free agent entitles the club to the exclusive right of negotiation with the player for a specified period (from the date of selection until 15 days prior to the next draft meeting). Draft meetings are held in June and January.

There are two phases to each draft meeting:

(1) Regular Phase: Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age. . .Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level. . .Minor league clubs select in the same relative order as their parent clubs.

(2) Secondary Phase: Selection of free agents who had been drafted previously but who had not signed contracts before the negotiation right expired (except those draftees who had enrolled in a four-year college and had since graduated or become 21 years of age – now drafted in Regular Phase). . .It is possible for a club to redraft a player whom it had been unable to sign after the original selection, but only with the express written consent of that player. . .The order of selection is by lot with the 26 major league clubs divided into two 13-team groups with the groups alternating having first selection in respective drafts.

If a club fails to sign a drafted free agent, its exclusive right to negotiation will expire on a specified date (see below). . .Such a player then becomes eligible to be selected at a subsequent date in the secondary phase of the draft.

Date Selected	Rights Expire
Winter Draft	15 days prior to Summer draft
Summer Draft	15 days prior to Winter draft

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME: A game becomes a suspended game if it is terminated for any of the following reasons: (1) a curfew imposed by law; (2) a time limit permissible under league rules; (3) light failure or malfunction of a mechanical field device under control of the home club (including automatic tarpaulin or water removal equipment; or (4) Darkness because of any law, the lights may not be turned on. No game called because of a curfew or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game (see above). A game called under either provision (3) or (4) shall be a suspended game at any time after it starts. Note: weather and similar conditions shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the four reasons specified.

Since 1980, if WEATHER forces the termination of a legal game while an INNING IS IN PROGRESS, it will become a suspended game if either of the following two conditions exists: (1) The visiting team has scored one or more runs to tie the game and the home team has not scored, or, (2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or taken the lead. If a legal game is tied when called because of weather and neither situation listed above prevails, it is a tie game and must be re-played in its entirety.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled single game between the two clubs on the same ground. . .If this is not possible, other provisions for resumption are specified in American League Regulation 3.8.

A game called at the END of a completed inning AFTER NINE INNINGS for any reason shall be a SUSPENDED game. This rule became effective in 1969. Formerly, the game would have been declared a tie and replayed in its entirety at a later date.

DISABLED LIST: Pitchers must be on for a minimum of 21 days. All other players may be placed on a 15-day list.

AMERICAN LEAGUE CURFEWS: No inning of an American League night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed.

BALTIMORE CURFEW: On week nights in Baltimore, no inning may be started after 11:59 p.m., but any inning in progress at that time may be played to completion. On Saturday nights in Baltimore, all play must stop at 11:59 p.m. regardless of the game situation.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games.). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPIONSHIP QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch 162 or more innings and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: A fielding champion must appear in 108 games at his position, except a catcher, who must appear in 81 games.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, and one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and not hit.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:

(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
   (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
   (b) He enters the game with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
   (c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

SCORING RULE ON PINCH-HITTERS
A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE
The determination of earned-runs is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls, and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliefer could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs, scored by batters who reach base off the reliefer are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: If a filled or "doctored" bat is used, the player is to be ejected from the game and suspended three days. Any balls hit by an illegal bat do not count. If the umpire sees the illegal bat before it is used, he issues a warning, but there is no penalty.

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

GAME WINNING RBI: The RBI that gives a club the lead it never relinquishes.

BLUE JAYS RADIO BROADCAST TEAM

Tom Cheek, Early Wynn and Jerry Howarth

For millions of sports fans throughout Ontario and Western New York State the sound of Blue jays baseball on the airwaves immediately brings to mind the distinctive voices of Tom Cheek and Early Wynn. While the team on the field has undergone numerous changes over the course of the first three seasons Tom and Early have been broadcasting all of the Blue Jays game since Opening Day 1977 along the many stations of the Hewpex Radio Network. Joining Tom and Early on a selected 40 game basis this season will be Jerry Howarth who worked briefly on the broadcasts last season.

A native of Pensacola, Florida, Tom attended Plattsburg State College in New York and then graduated from the Cambridge School of Broadcasting. Cheek 41, began his broadcasting career in Plattsburg and then moved to Burlington, Vermont where he served as the Sports Director and Corporate Sales Manager of three group radio stations.

Along with baseball Tom's many broadcasting assignments have included stints in basketball, football and hockey at the University of Vermont. Prior to becoming the 'Voice of the Blue Jays' as their first play-by-play announcer he was a member of the Montreal Expos broadcast team from 1974-1976.

Throughout the course of the season Tom acts as the emcee at many of the Blue Jays functions including the Labatt's Player of the Month Luncheon while in the off-season he participates in the annual caravan and heads up the speakers bureau. An avid golfer Tom is also very active in community affairs.

Married with 3 children – Tom Jr. (14), Lisa (11) and Jeffrey (10), Tom and his wife Shirley make their home in Burlington, Ontario.

The only "Hall of Famer" in the Blue Jays family to this point, Early Wynn will be entering his 5th season with Tom as the Blue Jays colour commentator. During his first three seasons behind the microphone Early has accumulated a large following with his 'folksy' stories and interesting anecdotes built from being only one of six men to ever have played baseball in four different decades.

Early's amazing career began in 1933 with the Washington Senators and continued until 1963 when he won his 300th game as a member of the Cleveland Indians. "Gus", as he is called, was a key member of the Indians legendary pitching staff of the late forties and early fifties, winning 20 or more games 4 times with Cleveland and once later with the Chicago White Sox. Early also appeared in the World Series in three different years (1948, 1954 and 1959).

As one of only 14 men ever to win 300 games in the major leagues, Early was inducted into the Hall of Fame in 1971.

Early and his wife Lorraine make their off-season home in Nokomis, Florida.

A native of Pennsylvannia, Jerry Howarth comes to the Blue Jays from Salt Lake City where he is the Sports Director of KWMS Radio. He moved to Salt Lake City in the mid-seventies where he handled the play by play duties of the Salt Lake City Gull of the Pacific Coast League. While in Salt Lake City he also worked as the Group Sales Manager of the National Basketball Association's Salt Lake City Jazz.

Prior to his move to Salt Lake City Jerry began his broadcasting career in Tacoma, Washington where he did the play by play for the Triple A Tacoma Twins as well the University of Puget Sound's football and baseball teams.

Despite being born in York, Pennsylvannia, Howarth grew up in Santa Clara, California where he graduated from the University of Santa Clara. After two years of military service he attended Hastings Law School in San Francisco.

Howarth, his wife Mary and their two sons, Benjamin (4) and Joseph (2) reside in Salt Lake City.
